- Wash:**

A highly functional winter jacket that is waterproof, windproof and breathable. The winter jacket has an FE-Insulate lining, FE-Tex membrane and is EN 343-certified. With taped seams and the highest possible EN 343 certification against water, these features keep you well-insulated against the cold and rain. The jacket has been given an extra water-repellent treatment, using a more environmentally-friendly water-repellent treatment that does not contain fluoride. The jacket also allows your body to breathe, which makes it ideal for active work or leisure activities in the cold. The soft fiber pile lining makes it extremely comfortable to wear. The winter jacket has a practical, adjustable hood, a concealed 2-way zipper with buttons and multiple functional pockets, including an inner pocket with zipper, as well as outer pockets with buttons and additional side openings. Storm cuffs in the s
