Designed with a focus on functionality and comfort, this ladies' work jacket is made from comfortable 4-way stretch material that ensures optimal dexterity, while the robust Ripstop fabric in contrast colors ensures durability and a modern look. The concealed front zipper with a narrow placket protects against scratches, and its practical pockets provide secure storage, including a roomy chest pocket and two side zipper pockets. A D-ring in the right pocket makes it easy to attach items like an ID card. To ensure a perfect fit, the jacket has elastic and velcro adjustments at the sleeve openings for individual customization. Reflective print on the sleeves and back increases visibility in dark environments, while the ENGEL EXTENDED back piece provides extra protection for the lower back. The main material is dyed with a dope dyed process. There is also ample space for company branding.
