ENGEL's ENGEL GALAXY work jacket with stretch for women has been developed especially for women. Zippers and buttons are hidden, so the work jacket meets the industry requirement that zippers must not be able to scratch the components you work with. Cuffs can be tightened so the sleeves fit properly. The work jacket is also made of durable materials – including recycled polyester, among other materials. The quality has plenty of stretch, which gives you mobility and comfort in any work situation, while at the same time you are dressed practically.

- Stretch provides optimal freedom of movement and a high degree of comfort
- ENGEL EXTENDED back
- Concealed zipper and Velcro closure at the front
- Chest pocket with zipper
- Elbows with CORDURA® reinforcement
- Large inner pockets with Velcro closure
- D-ring for ID card
- Adjustable cuffs
- Reflective print on the shoulder gives you increased visibility
- Suitable for industrial laundering
