Wash:

These overtrousers are designed to deliver reliable protection in wet, windy and demanding conditions. The breathable, water- and windproof fabric with taped seams keeps you dry while allowing excess heat to escape. Durable ripstop with mechanical stretch ensures freedom of movement, while reinforced knees add extra durability in high-wear areas. Practical details include two side pockets with Velcro closure and a loop with D-ring for easy access to essentials. Velcro adjustment at the foot provides a secure fit over boots and reflective details improve visibility in low light. Designed to be worn with a compatible top layer for full protection in colder environments.

- Breathable, water and windproof, with taped seams
- Ripstop with mechanical stretch
- Knee reinforcement
- Two side pockets with velcro
- Loop with D-ring
- Reflective details for increased visibility
