These service trousers for ladies are created with a focus on functionality, durability, and comfort. The trousers are made of Ripstop material with 2-way stretch, ensuring both flexibility and durability. A concealed button closure protects surfaces from scratches, and the elastic at the back of the waist ensures an optimal fit, even during movement. There are many functional pockets for extra storage, including a thigh pocket with zipper and a dedicated mobile phone pocket on the left thigh. Likewise, there are attached buttons for quick attachment of hanging tool pockets. A practical strap with D-ring allows, for example, to securely and easily attach an ID card. The trousers also have an extra wide hem, allowing for extension of the leg length by up to 6 cm, or 4 cm with short lower trunk length, so they can be tailored to different needs.
