These service trousers are designed with a focus on functionality, durability, and comfort. They are made from a comfortable 4-way stretch material that provides increased flexibility, while the Ripstop fabric in contrasting color ensures durability and a modern look. A hidden button closure protects surfaces from scratches, and the elastic at the back of the waist ensures an optimal fit, even during movement. There are many functional pockets for extra storage, including a thigh pocket with zipper and a dedicated mobile phone pocket on the left thigh. Additionally, there are attached buttons for quick attachment of hanging tool pockets. A practical strap with D-ring allows for secure and easy attachment of items such as ID cards. The trousers also have an extra wide hem, which allows for ENGEL EXTENDING the leg length by up to 6 cm, or 4 cm for short rise, to accommodate different needs
