Shell fabric: 56% Polyester (recycled) / 34% Elastomultiester / 10% Cotton, 285 g/m²

Wash:

Functional tradesman trousers in our ENGEL Super Stretch fabric, which is durable and breathable, and made from 56% regenerated polyester. These trousers are designed with great comfort and mobility in mind. The ergonomically shaped knee section and stretch fabric makes the trousers comfortable to wear, regardless of your working situation. The tradesman trousers have buttons at the front for attaching and removing hanging tool pockets if necessary. The benefit of this is that you can easily and quickly click the hanging tool pockets on and off as needed – e.g. you don't need to empty the hanging tool pockets when the trousers need washing – they simply click on and off again after washing. The trousers have a practical D-ring at the front for attaching e.g. an ID card, as well as many functional pockets, e.g. two spacious slanted pockets at the front. Two back pockets. Thigh pocket tha
