Two-toned service trousers in a modern cut, designed with optimum fit in mind. The service trousers are designed in a fabric that feels comfortable on, both in hot and colder temperatures. The trousers have pre-shaped knees for maximum freedom of movement, as well as a practical elastic in the waist at the back, which ensures a good fit and means that the trousers stay in place during repeated movements. The service trousers are designed for use in industry and have all the functional details required, while also being equally suitable for drivers or warehouse employees or similar work functions. The service trousers have extra functional pockets such as; two spacious cross-pockets at the front. Back pocket fastens with Velcro. Left thigh pocket with flap and separate mobile phone pocket. The right side has an inside pocket for e.g. a ruler or sliding rule. For increased visibility and EN
