Shell fabric: 44% Elastomultiester / 36% Polyester (recycled) / 20% Cotton, 255 g/m²

Wash:

These knickers are designed with a focus on functionality, durability, and comfort. They are made from Ripstop material with 2-way stretch, ensuring both flexibility and durability. A concealed button closure protects surfaces from scratches, and the elastic at the back of the waist ensures an optimal fit, even during movement. The knickers have knee pockets with CORDURA® reinforcement and velcro closure, as well as two adjustment options for knee pad height regulation, allowing for individual customization. There are many functional pockets for extra storage, including a thigh pocket with a zipper and a dedicated mobile phone pocket on the left thigh. Reinforced ruler pocket and a hammer strap make it easy to store tools. Additionally, there are attached buttons for quick attachment of hanging tool pockets. A practical strap with D-ring allows the secure and easy attachment of an ID car
