**Shell fabric:** 56% Polyester (recycled) / 34% Elastomultiester / 10% Cotton, 285 g/m²  
**Wash:**

Functional shorts in our ENGEL Super Stretch fabric, which is durable and breathable, and made from 56% regenerated polyester. The shorts are designed with great comfort and movement in mind. The stretch fabric makes the shorts comfortable to wear, no matter your work situation. The shorts have buttons at the front for attaching and removing hanging tool pockets if necessary. The benefit of this is that you can easily and quickly click the hanging tool pockets on and off as needed – e.g. you don't need to empty the hanging tool pockets when the shorts need washing – they simply click on and off again after washing. The shorts have a practical D-ring at the front for attaching e.g. an ID card and many functional pockets, e.g. two spacious slanted pockets at the front. Two back pockets. Thigh pocket that fastens with zipper. The left thigh pocket has a separate phone pocket. On the left

- Super stretch for high comfort and movement
- Multiple functional pockets for various jobs
- Hammer strap
- Reflective details for increased visibility
- Strap with D-ring
- Buttons for easy attachment of hanging tool pockets (9360-307)
