

NITRILE GLOVES

for facade work

Especially suitable for oily environments.

Seamless black polyamide knit, elastic with wrist trim. Double coating: first layer fully coated with smooth nitrile, second layer with sanded nitrile coating on the palm.

Benefits:

- Non-irritating and easy to adjust thanks to the one-piece knitted support
- Maintains shape well thanks to the polyamide knit
- Secure fit with elastic knit wrist
- Oil-resistant with nitrile coating
- Excellent waterproofing with double coating
- Quality and reliability from ISO 9001 / ISO 14001 certified production

Applications:

LIGHT INDUSTRY FINISHING WORKS AGRICULTURE AQUACULTURE LOGISTICS
